

Traffic and Transportation Working Group Agenda March 31, 2006

I. Introductions

II. Mission

To develop strategies to mitigate traffic congestion and improve traffic flow in the North East sector of Salt Lake City, specifically traffic corridors/roads in and around the University of Utah. To provide a forum for discussion of Identify and include the appropriate participants to discuss opportunities and options. Traffic and transportation agencies have been included so that sufficient and thorough dialogue might occur so that comprehensive short and long-term strategies may be identified.

III. Committee composition (*who else do we invite to participate?*)

University of Utah	Utah Department of Transportation
Utah Transit Authority	Wasatch Front Regional Council
Salt Lake City Planning	Salt Lake City Transportation
Community Representation	Primary Children's Medical Center
Veterans Administration Hospital	LDS – Institute of Religion
Emmigration District	

IV. Structure

- This is not a sanctioned or official committee. It is a collection of agencies and representatives volunteering to participate in discussions for what is hoped to be the mutual benefit or all or as many participants.
- The University of Utah will volunteer to facilitate and host this effort.

V. Schedule.

- Meet every other month through March 2007. Agencies and other participants may choose to meet between scheduled sessions to allow for as efficient use of time.
- Once or twice a year thereafter.

VI. Suggested Agenda for next meeting

- UDOT, UTA, SLC, and WRFC come prepared to share data of current traffic and transportation facts for this area.
- Major employers come prepared to present data relative to current as well as future employee and visitor loads.
